## GUIDA ALLA SCELTA DELLE TARGHETTE

in funzione del morsetto utilizzato

### MORSETTO

La gamma di targhette MG-CPM consente di siglare rapidamente e con semplicità tutti i morsetti componibili delle marche più utilizzate nel mercato italiano ed estero. Le targhette di siglatura in formato a schede sono disponibili sia in strisce modulari a passo sia come targhette singole, questo permette di marcare in modo comodo ed efficace diverse sezioni di morsetti riducendo notevolmente i tempi di montaggio.
