

PNEUMATIC CRIMPING TOOLS PNB-KE-T

Bench mounted tools with foot pedal - PNB series

PNB-6KE-T and PNB-6KE-T have bench mounts with storage and are foot pedal operated to allow operators to have both hands free when assembling cable harnesses. Both tools are designed to be maintenance-free and need no routine calibration. A 4-6 bar air supply is required for connection via the quick coupler fitted to the hose supplied with the tool.
