

## HYDRAULIC UNITS CPU1131-C

Hydraulic units are obtained by combining the double stage hydraulic foot pump with the various hydraulic press heads featured on previous pages. The use of the double speed pump considerably reduces operating time.

# HYDRAULIC UNITS CPU1131-C

## *Technical characteristics*

### PROPERTIES

Height	200 mm
Width	163 mm
Length	680 mm
Weight	13.5 kg
Force developed	130 kN
