

## HYDRAULIC UNITS CPU1230-3D

Hydraulic units are obtained by combining the double stage hydraulic foot pump with the various hydraulic press heads featured on previous pages. The use of the double speed pump considerably reduces operating time.

# HYDRAULIC UNITS CPU1230-3D

## *Technical characteristics*

### PROPERTIES

Height	200 mm
Width	163 mm
Length	680 mm
Weight	15.3 kg
Force developed	230 kN

## HYDRAULIC UNITS CPU1230-3D

*Composed by*

### Tools

HYDRAULIC PRESSHEAD ECW-H3D - ECW-H3D

HYDRAULIC PUMPS PO7000 - PO7000

*In the same kit*

### Storage

CASE VAL - Plastic case VAL P21
