

HYDRAULIC SYSTEMS FOR RAIL WEB ELECTRICAL CONNECTIONS AR TYPE RHTEP

System consisting of:

- > **Hydraulic head** type RHTEP-S to be connected to a pump developing a nominal pressure of 700 bar
- > **2 units of plungers** OG 13.2 type in special steel
- > type CAL 19.20 **gauge** for both check of the rail hole and for screwing of the plungers itself into the head
- > **metal case** type VAL RHTEP

HYDRAULIC SYSTEMS FOR RAIL WEB ELECTRICAL CONNECTIONS AR TYPE **RHTEP**

Technical characteristics

PROPERTIES

Length	106 mm
Weight	3 kg

HYDRAULIC SYSTEMS FOR RAIL WEB ELECTRICAL CONNECTIONS AR TYPE RHTEP

On request

Rail Contacts

Extractor to remove AR 60-1 bushes from the rail ECR - Positioner ECR1

Plunger OG - Plunger OG13.2T
